

Scene 1

Scene 2

The image shows a website header and hero section for 'DUCE SPIRAL FISHING RODS'. The header is dark with white text for navigation links: HOME, SPIRAL WRAPPED TECHNOLOGY, SHOP, and MORE with a dropdown arrow. On the right, there are links for SIGN IN and MY ACCOUNT, and a shopping cart icon. The hero section features a large, dark image of a fishing rod on the left. To the right of the rod, the headline 'PUT FISHING LINES WHERE THEY BELONG' is displayed in large, bold letters, with 'PUT FISHING LINES' in white and 'WHERE THEY BELONG' in orange. Below the headline, a paragraph explains the technology: 'Traditional fishing rods guide line over the top of the blank. Using spiral-wrapped technology, DUCE Rods guide the line down the length of the rod from top to bottom, placing the string where it naturally wants to fall.' A horizontal line separates this text from a bulleted list of benefits. The list includes: 'Contact beneath the rod increases sensitivity', 'No more torque (rolling left or right)', and 'Less friction = more control'. At the bottom of the hero section, the text 'BUT WE DIDN'T STOP THERE' is followed by a small downward arrow icon.

PUT FISHING LINES WHERE THEY BELONG

Traditional fishing rods guide line over the top of the blank. Using spiral-wrapped technology, DUCE Rods guide the line down the length of the rod from top to bottom, placing the string where it naturally wants to fall.

- Contact beneath the rod increases sensitivity
- No more torque (rolling left or right)
- Less friction = more control

BUT WE DIDN'T STOP THERE

Final Scene (Call-to-Action)

The image shows a website landing page for Duce Spiral Fishing Rods. The background is dark with a vertical image of a fishing rod handle on the right side. The handle is light-colored with the word 'DUCE' printed vertically in dark letters. The page layout includes a top navigation bar, a main headline, a call-to-action button, and social media links at the bottom left.
